Mr. D. Hill,

Richmond Hill, Ont.

Dear Mr. Hill:

I am returning your son's letter after having consulted the Dean of the Faculty of Medicine with regard to it. As I thought it is too late for him to come back and enter upon the work of the third year this winter. By the time that he would get here half of the session will be through and I know that the Faculty of Medicine would not admit any one so late as it would be impossible to do the work.

The Dean also tells me that there is no likelihood of there being a special session held for fourth year students.

However, if the war continues I should think your son could easily be brought back to undertake third year work a year hence. If he had thought of this in August or even early in September arrangements might have been made for this winter.

Yours sincerely,

President.

To President Falconer

Dear Sir

I called on you about Xmas time in regard to our boy Earl E. Hill who would like to return from the front to take up his work in medicine you told me then if you had known sooner you might have got him back but it was to late to enter then for his third year Now I think Earl has done his bit almost two years since he left Canada and about 18 to 20 months at the front and when he comes back I think would need to go over his previous work to give him a chance for his third year besides after two years of such life he surely deserves a few months holidays. besides winning a Commision on the field aught to help some

Also I might say further that I would still have another boy there L. A. Hill doing his bit for nearly a year now and there mother who is not in the best of health as very anxious that at least Carl might be allowed to return. and I do trust and pray that you will do the best you can for him Lieut Richmell got leave surely Carl might and if you would address your letter direct to

Brigadier General Thacher
Adjutant Generals Branch C.E.F
Regent St
London W.C.

With your influence I am sure would have results and believe me that as parents you shall always have our gratitude

Yours truly
David Hill

Carls address is

Leiut Carl E. Hill

24th Bn V.R.C

2cd C.E.F

Army post Office

London England

I thought perhaps you might need his address when you are refering about him

plase forgive any mistakes and liberties taken

D. Pill, Esq.,

Richmond Hill.

Dear Mr. Bill:

I have just written to Brigadier-General Thacker asking that your son, Carl Englis Bill, be allowed to return in September so as to undertake the regular work of the third year in Medicine.

I have mentioned also that you have another son at the front, and I hope that the General will see his way to granting my request.

Yours sincerely,

President.
